

Innovation and Experience at Work

CHRISTO-LUBE® MCG 5170

CHRISTO-LUBE® MCG 5170 is PFPE fluid cut with non-combustible fluorinated solvent. When this material is applied, the solvent evaporates and leaves behind a thin film of oil. This lubricant has excellent low temperature properties and is inert to oxygen and other aggressive chemicals. The PFPE fluid has extremely low surface tension and this gives CHRISTO-LUBE® MCG 5170 the ability to work in applications where other lubricants fail due to lubricant starvation. The fully fluorinated chemistry is completely compatible with a vast majority of plastics and elastomers.

CHARACTERISTICS	TYPICAL VALUE *
Туре	PFPE
Color	Colorless
Temperature Service Range (°C)	-75 to 250
Flash Point (°C) (ASTM D-92)	None
Specific Gravity at 25°C	1.83
