

Valued Customer:

On April 4, 2016, Engineered Custom Lubricants completed the transition to J.D. Edwards (JDE) enterprise resource planning (ERP) software. Product brand names and descriptions remain the same, but part numbers have changed. Orders will be processed with the old part numbers, but it is preferred that customers transition to ordering with the new part numbers. This table provides a cross-reference for former and new part numbers. If you need assistance, please contact our Customer Service Department at [customerservice@eclube.com](mailto:customerservice@eclube.com) or call 630.449.5000, Ext. 7446.
